Engineering Change Notice

Title	Fitting Links on a Sapphire 2000 SMF PCB
ECN Number	ECN-0139
Equipment	none
Author	Adam Proffitt
Drawing Number	none
Date	4 th July 2001

Reason for ECN	To stop links shorting with the drawer on a Sapphire 2000
Special Parts required	none
Special Tools required	none

Work Required
Fit Links LK1 and LK2 on the switch side of the PCB. This will stop them shorting to the drawer cover when pressure is applied to the front panel.
